...WITH ARI LEGACY CUSTOM SLEEPERS

Testimonial:

"We have owned 3 ARI sleepers. Everyone there from John in sales to Mel and all the guys in service are great. They really are like family. We would not own any other sleeper, but an ARI. They are the best."

- Larry & Sarah Hendrix

Testimonial:

"Doing double duty! Kicking back in an RV park in Corpus Christi while my trailer is down in Mexico for a couple of weeks at an air show. Margaritas & the beach! This sleeper is everything a guy could ask for. I know it's what everyone says, but I wish I'd bought it years ago. "

- Steve Wright

Testimonial:

"We LOVE our ARI Sleeper! They were able to take our vision and turn it into reality. It's truly life changing. One day you're packing your bag to go take a shower inside a truck stop where there's no telling how long you'll have to wait in line...and once you finally get inside the bathroom..the shower head is all clogged up spraying every different direction except on you, the water pressure stinks, the water flashing from hot to cold, and carrying multiple toothbrushes just incase yours falls on the toxic floor...But once you get your sleeper with YOUR OWN shower, toilet, sink, and kitchen...those days are over. Or the days of going to a delivery and then having to drive to a truck stop and crossing your fingers you'll find a spot because you have no way of using the bathroom and no food...gone. I hope my husband and I are fortunate enough to own an ARI sleeper for the rest of our trucking life because I couldn't imagine going back to the way it was before. Buying our truck is the best decision we've ever made! And the customer service doesn't stop once they get your money and you drive off...ARI has THE BEST Service Department...period. I think they are the only shop in America I can say we look forward to going to.. not only because they do excellent work, but also getting a chance to catch up with the people who work there that have gone from a business relationship..to a friendship. ARI is the total package...what more could you ask for?"
